Mr. Kane Simonian
Secretary, Boston Redevelopment Authority
City Hall, Room 910
One City Hall Square
Boston, MA 02201

Dear Mr. Simonian:

We are pleased to submit this original and five copies of our proposal to develop the vacant land at 126 Fisher Avenue in the Mission Hill area. This proposal is being submitted by June Howe (owner of the triple-decker house at 130 Fisher Avenue) and Dana Wade and Joy Paulsen (owners of the adjacent vacant parcel of land at 124 Fisher Avenue). This joint proposal represents our desires as two major abutters and has the support of several others abutting this property.

We plan to subdivide Parcel 1C (126 Fisher Avenue) so that June would own about half of the land for the purpose of a side yard and back yard, and Dana and Joy would use the rest of the land to build an owner-occupied single-family house.

This joint proposal meets all of the development objectives outlined by the BRA (i.e., neighborhood support, abutter parking and landscaped open space). Turning a currently empty lot into housing, landscaping open space, and providing off-street

parking for abutters reinforces the activities in the neighborhood and will ultimately improve the pedestrian environment. In addition, it is our intention to style this house so that it blends in with the architecture of nearby houses.

As discussed, our proposal meets all of the BRA's criteria for selection. The following outlines our approach and several of the long-term benefits of this proposal.

- The housing and landscaped open space described in our proposal would strengthen the neighborhood.
- We have already been pursuing the possibility of developing 126 Fisher Avenue for almost a year. We have the commitment and financial ability to complete the project.
- Our development schedule is founded on sound fiscal management. We intend to proceed with developing 126 Fisher Avenue in a systematic manner: first acquiring the land, then selling our condos, applying for and obtaining a building permit, applying for and obtaining financing, and finally breaking ground. We intend to proceed with each step as quickly as possible and to be actively laying the ground work for following steps.
- We have the support of the neighborhood Community Development Corporation and many individual neighbors.
- In addition to our plan to develop 126 Fisher Avenue for the benefit of the neighborhood as well as ourselves, we as individuals have strong commitments to Mission Hill and strong relationships with Mission Hill residents. June has lived in the neighborhood all her life. The house she grew up in was torn down when Resthaven Nursing Home was built. She has lived in her current house at 130 Fisher Avenue for 37 years. Joy has lived at 170 Fisher Avenue since 1989. She was instrumental in developing a neighborhood crime watch program for her area of the brick condominium units. Dana is being nominated to the board of directors of Project LIFE, a non-profit agency combatting infant mortality in Mission Hill. Joy and Dana are both active in the Mission Hill Baptist Church.

We have already started to assemble our development team. After receiving tentative designation as developers by the BRA, we will finalize our development team. Current members of our development team are:

- Developers: Dana and Joy
- Designers: Karina Young and Winston Lewis, under the supervision of Steve Broadhead, Architect (MA license no. 5092)
- Contractors: Customized Structures, Inc. (Claremont, NH)
- Land surveyor: David Murphy (MA license no. available on request)
- Landscapers: June, Joy and Dana

The remainder of this submittal is organized into three parts (Section B, Section C and Attachments) and contains the following items:

SECTION B

- Narrative description of our proposed development
- Photos of similar styles of architecture
- Photos of the back of Mission Hill neighborhood
- Anticipated development schedule
- Letter of interest from the Boston Bank of Commerce
- Evidence of financial capability
- Itemization of estimated construction costs
- Redevelopers Statement for Public Disclosure (HUD form 6004)

SECTION C

- Written description of the proposed development
- Design plan for 124-126 Fisher Avenue
- Simple elevations of the proposed house

ATTACHMENTS

- Copy of the letter of interest from the Boston Bank of Commerce
- Sample Purchase and Sale Agreement similar to the proposed agreement between June Howe and Dana Wade/Joy Paulsen
- Various supporting financial statements
- Letters of support from the Back of the Hill CDC and Mission Hill neighbors

Thank you for this opportunity to present our development plans to the BRA. We are confident that our proposed development of 126 Fisher Avenue responds to all of the objectives of the BRA and would be an asset to the Mission Hill neighborhood.

Please feel free to contact Dana Wade at 572-6418 (w) if you have any questions or would like more information.

Sincerely,

June Howe

SECTION B

This Section discusses our development plans for Parcel 1C, including our proposed use of the land, our development schedule, and financial and cost considerations.

NARRATIVE DESCRIPTION

Dana Wade, Joy Paulsen and June Howe propose to purchase Parcel 1C, located at 126 Fisher Avenue in Mission Hill, from the Boston Redevelopment Authority for the purpose of landscaped open space, off-street parking, and an owner-occupied single-family house. The current appearance of the land is shown in Figure 1. Upon purchase, we will subdivide Parcel 1C at the midpoint of the 126 Fisher Avenue street frontage. The new property line will then run approximately parallel to the eastern property line of 130 Fisher Avenue and the western property line of 124 Fisher Avenue.

June will own and manage the land next to and behind her house (the western portion of the land). June will landscape and maintain the land for a side yard and back yard for her house. June will also provide off-street parking spaces for all three units of the her triple decker.

Joy and Dana will own and manage the eastern portion of Parcel 1C next to their existing 124 Fisher Avenue property. Joy and Dana will build an owner-occupied single-family house, landscape and maintain the land around the house, and provide off-street parking for themselves. In addition, Joy and Dana have been exploring the possibility of sharing one of their parking spaces with another neighbor on Fisher Avenue.

126 FISHER AVENUE

The design plan, shown in Figure 8 (map pocket after Section C), indicates the current boundaries of 124 Fisher Avenue, Parcel 1C, and 130 Fisher Avenue including the proposed division of Parcel 1C between June, and Joy and Dana. June's house, the proposed new house, and proposed parking spaces are also shown on the plan. We anticipate that Joy and Dana's proposed house will not require any variances, because it will be located within the required zoning setbacks.

The proposed house will be in the end-gable vernacular style. This style was chosen because it is a common urban architecture that closely resembles the classic triple-deckers found throughout Boston. Figure 2 shows photos of four similar Mission Hill houses, while Figure 3 presents photos of four houses in Jamaica Plain and Brookline that resemble the proposed new house.

The back of Mission Hill is architecturally very diverse, and a vernacular house will fit in well on Fisher Avenue. The Hill features a combination of new houses and old houses. There are brick condominium units, wooden triple-deckers, modular duplexes, and stick-built single-family houses. And, Fisher Avenue is home to New England Baptist Hospital's power plant, Resthaven Nursing Home, and the Tecumseh House (an SRO operated by the Boston Indian Council). The house located closest to Joy and Dana's proposed house is June's house, and a vernacular house will complement June's triple-decker nicely. Photos of the neighborhood are shown in Figures 4 through 6.

The proposed house is a modular unit that will be built in a factory in Claremont, New Hampshire. It will be built by the same company that built two nearby houses, at 74-78 Lawn Street and 29-31 Hayden Street. Figure 7 shows the Hayden Street house constructed during the spring/summer of 1991. Their construction costs, presented later, provided a reliable basis for our estimate.

ANTICIPATED DEVELOPMENT SCHEDULE OF PARCEL 1C

Any presentation of a development schedule in today's economy must be couched in terms of cautious optimism. This development schedule is no different. Several steps in the development process are affected by factors beyond the control of the developers.

In summary, it is our intention to develop the land as quickly as possible.

Personally, we hope to move into our new house by July 4, 1993. However, fiscal responsibility will prevent us from proceeding with construction until Dana and Joy have both sold their condominiums (one is already on the market, the other will follow shortly).

The development schedule, shown in Table 1, presents our reasonable best guess of the time frame under which we will proceed.

LETTER OF INTEREST FROM A FINANCIAL INSTITUTION

Attachment 1 presents the letter of interest from the Boston Bank of Commerce.

EVIDENCE OF FINANCIAL CAPABILITY

According to the development plan, detailed in this proposal, Parcel 1C will be bought by June Howe, Joy Paulsen and Dana Wade. Because the land will be subdivided into two sections, we will divide the cost proportionally between the two parties on a per-square-foot basis.

June intends to obtain an equity loan on her house and use some of the money to purchase her portion of Parcel 1C. If that equity loan cannot be arranged prior to

MEMORANDUM

MAY 7, 1992

TO: BOSTON REDEVELOPMENT AUTHORITY AND
THEODORE S. CHANDLER, ACTING DIRECTOR

FROM: THOMAS O'MALLEY, ASSISTANT DIRECTOR FOR
NEIGHBORHOOD HOUSING AND DEVELOPMENT
ROBERT MCGILVRAY, CHIEF OF REHAB

SUBJECT: MISSION HILL NEIGHBORHOOD AREA, TENTATIVE DESIGNATION
OF PARCEL 1C LOCATED AT 126 FISHER AVENUE

SUMMARY: THIS MEMORANDUM REQUESTS THAT THE BRA TENTATIVELY DESIGNATE JUNE HOWE AND JOY PAULSEN OF BOSTON, AND DANA WADE OF BROOKLINE, AS REDEVELOPER OF PARCEL 1C, LOCATED AT 126 FISHER AVENUE IN THE MISSION HILL NEIGHBORHOOD. THE PARCEL CONTAINS 8,467 SQUARE FEET OF VACANT LAND

On January 16, 1991 as a result of interest by several abutters, the BRA voted to subdivide and advertise a parcel of vacant land in the Mission Hill Neighborhood, into three smaller parcels.

On March 27, 1991 the BRA voted Tentative Designation for two of the parcels to abutters for purposes of landscaped open space.

The third section, Parcel 1C, was advertised for development and on April 27, 1992 a single proposal to develop the property was received.

Dana Wade and Joy Paulsen, owners of 124 Fisher Avenue, and June Howe, owner of 130 Fisher Avenue propose to develop Parcel 1C for the purpose of landscaped open space, off-street parking, and an owner-occupied single family home. The parcel will be divided into two smaller parcels, each to be developed as follows:

Dana Wade and Joy Paulsen will construct a modular wood frame two and a half story single family home on the vacant land they own at 124 Fisher Avenue, and part of Parcel 1C at 126 Fisher Avenue. Off-street parking will be provided.

June Howe will landscape the land behind and beside her home at 130 Fisher Avenue and will provide off-street parking spaces for all three units of her triple decker home.

The developers will also prepare a Parcel Delivery Plan showing the subdivided Parcel 1C for recording purposes.

It is therefore recommended that the Authority designate June Howe, Joy Paulsen and Dana Wade as redevelopers of Parcel 1C (126 Fisher Avenue) containing approximately 8,467 square feet of area, in the Mission Hill Neighborhood Area as shown on the attached map, for the purposes of landscaped open space, off-street parking, and the construction of an owner-occupied single family home.

An appropriate resolution is attached.
